Mr. Iron
President, Iron & Misery Co.
Iron & Misery Headquarters
45 Northwest Vacuole
The Bazaar
London

Dear Mr. Iron:

Enclosed are the plans and instructions for the Mark II balsa wood glider. As agreed, please accept these in lieu of destruction or confiscation of the Persona Engine. I hope these plans are useful to you for the production of profitable goods in your factories.

Yours Truly,

A handwritten signature in cursive script that reads "Baron K".

Baron K

The Mad Engineer
