DEAR BARON K:

THANK YOU FOR SENDING THE PLANS FOR THE MARK II GLIDER PROMPTLY. YOUR PLANS WERE MOSTLY LUCID, EXCEPT I FOUND MYSELF WANTING TO USE A STRAIGHT EDGE FOR TRACING AND CUTTING. PLEASE INCLUDE THAT IN YOUR INSTRUCTIONS IN YOUR NEXT REVISION. ALSO, I TENDED TO GET GLUE OVER MY FINGERS, SO PERHAPS SUGGEST AN ALCOHOL WIPE NEXT TIME? THE TIME IT TOOK FOR ASSEMBLY WAS APPROXIMATELY 70 MINUTES. MOST OF THAT TIME WAS SPENT WAITING FOR GLUE TO DRY. IT WOULD BE MORE EFFICIENT TO CARVE OUT THE MAIN FUSELAGE, GLUE THAT, THEN CARVE THE REST OF THE PARTS.

SINCERELY,

Mr. Iron
